

This month we have had some visits from emergency services alongside our 'people who help us' theme. The children explored the fire engine, using the hose to spray the water, sitting in the police car and learning about their jobs. We have been doing lots of dressing up and pretend play to further understand occupations and develop our communication and relationships between peers. Through craft activities we have made our own road safety traffic lights and used emergency vehicles to role play and mark make with paint.

August 2022 – Summer and Nutrition

Through parent partnership our aim is to share activities and ideas over the forthcoming weeks so

Some activities we will do at nursery

- Making fruit skewers
- Fruit and vegetable printing
- Painting ladybird stones
- Role play making vegetable soup
- Frozen flower ice play
- Making balloon rockets on string
- Party week for school leavers
- Using 5 senses to explore different fruits
- Making frozen fruit yoghurt drops
- Fine motor skill tweezer and pom pom water tray

that you can join in the fun with us

Preschool Focus

In the preschool room we'll be continuing to solve simple number problems and letter games such as 'I spy' as we discuss final transitions to school. We will also explore animals through life cycles and shadow drawings, and scavenger hunts to find and identify different colours.

What you can try at home

- Discuss differences of summer and winter. Explore different summers around the world.
- Talk about how we can keep our bodies healthy – exercise, diet, rest. Try some yoga or PE with Joe Wicks to keep active together.
- Discuss healthy food options and how they help keep your body healthy
- Try 'eat a rainbow' to explore new tastes
- Learn the importance of sun safety and put into practice.

We would love to see any photos of activities or experiences from home via the Interactive Learning Diary
